Product Description

The patented Largemouth Bass Release Ruler provides the average weight of a largemouth bass based on length. The weights are the benchmark from biological data. The Release Rulers contrasting colors were designed to photograph for an easy to read measurement and allow for a quick release. Don't tell a fish story about your big trophy bass- show your friends and family a Release Ruler story. The Release Ruler measures 3 inches by 32 inches and comes as a high quality 3m decal which will not leave residue if you ever decide to remove it. (Portable Largemouth Bass Release Ruler also available)

Attach the Largemouth Bass Release Ruler decal to your boat, kayak, or cooler.
